

# VIDEOS

See some videos about the services and successful examples of the Enterprise Europe Network at our central webpage. To get there, only need to click on this picture:

The screenshot shows the Enterprise Europe Network website. At the top right, there are links for "Legal notice | Contact | Search" and a language dropdown menu set to "English (en)". The main header features the European Commission logo and the text "ENTERPRISE EUROPE NETWORK". Below this is a breadcrumb trail: "European Commission > Enterprise Europe Network > > News and Media > Videos". A large banner with the text "news&media" and an image of a group of people is visible. A navigation bar includes "Home", "About", "Services", "Events", "Success stories", and "News & Media".

On the left, under "News & Media", there are links for "News", "Videos", and "Publications". Below this is the "enterprise europe network" logo with the tagline "Business Support on Your Doorstep".

The main content area is titled "Videos" and features a video player. The video title is "Meet the experts from the Enterprise Europe Network". Below the title, it says: "Experts in 17 key sectors from all across the Enterprise Europe Network have teamed up to provide you with customised support." The video player shows a map of Europe with a play button in the center. Below the video player, the text reads "In search of a cure for deafness".

On the right side, there is a search bar and a "Members' corner" section with a login form. The login form includes fields for "Username: \*" and "Password: \*" and a "Log in" button. Below the login form is a "Clip: Make the right move" section with a video thumbnail showing a group of people around a laptop. Below the thumbnail, it says: "Watch this 50-second video clip to learn about our services for small companies." At the bottom of the clip section, there are language options: "English | French | German".

At the bottom left of the page, there is a URL: "pe-network.ec.europa.eu/news-media/videos". Below the URL, it says: "connection made through the Enterprise Europe Network could help British".

Network guidance:
